Explanation of responses:

- (1) 86,141 options are currently exercisable; the balance vests on February 23, 2004.
- (2) Vesting of the options is contingent upon the achievement of an aggressive earnings per share ("EPS") goal established in January 2000. If EPS equals or exceeds \$6.46 per share by December 31, 2003, the options will become exercisable in January 2004. If the EPS goal is not met, then the options instead will vest and become exercisable in 25 percent annual increments beginning in January 2005. However, if the EPS goal is not met, the Board of Directors has retained the discretion to reduce or eliminate future compensation awards to offset this vesting.
