SEC Rule 15Ga-1 Methodology Statement

Fannie Mae is filing this report in compliance with SEC Rule 15Ga-1. The following information is provided to assist the reader in interpreting such report.

Fannie Mae filed its initial report in compliance with SEC Rule 15Ga-1 as of February 14, 2012. Such report included all Fannie Mae mortgage securities (with those forth below) outstanding as of December 31, 2011 and included all activities between and including January 1, 2009 and December 31, 2011 that relate to repurchase de Fannie Mae against the seller of the related mortgage loans (including activities in such period related to repurchase demands made prior to January 1, 2009) for bre representations and warranties related to such mortgage loans.

In accordance with Rule 15Ga-1, Fannie Mae is filing a report on a quarterly basis approximately 45 days after the end of each calendar quarter. Such report include securities (with those exceptions as set forth below) outstanding at the beginning of that calendar quarter, and includes all activities in that calendar quarter the repurchase demands made by Fannie Mae against the seller of the related mortgage loans (including activities in such period related to repurchase demands made prior period) for breaches of representations and warranties related to such mortgage loans.

Fannie Mae engages in a variety of practices with respect to mortgage loans where there are material breaches of representation and warranty. Fannie Mae may require to repurchase mortgage loans from a Fannie Mae trust if it determines that there has been a material breach of representation and warranty. Alternatively, Fannie Mae already removed such mortgage loans from a Fannie Mae trust in accordance with the terms of the related trust agreement at the time that it makes such repurchase der repurchase demand may result in an actual repurchase, or may alternatively result in an indemnification payment by the seller of the mortgage loan or some other set such demand, as agreed to by the seller and Fannie Mae. Each such repurchase demand made by Fannie Mae with respect to a listed mortgage security is reported hereir regardless of (i) whether the mortgage asset in question is in the related Fannie Mae trust at the time of demand (ii) the ultimate resolution of such demand. Consistent with Fannie Mae's 10-K and 10-Q SEC filings, the first receipt date, as captured in Fannie Mae's systems, is used to determine when a repurchase demand ha

The report will not include percentage calculations for most fields.¹ Because Fannie Mae routinely makes repurchase demands after the related mortgage loans have b removed from the related Fannie Mae trust, such percentages would tend to overstate (and, in many cases, significantly overstate) the percentage of a given Fannie Mae that was the subject to a repurchase demand. Fannie Mae will provide the number of mortgage loans and the principal balance of such mortgage loans in each case.

Material breaches of representations and warranties generally relate to the underwriting of a mortgage loan, but may sometimes relate to (i) misdeliveries unrelated the underwriting of a mortgage loan or (ii) servicing violations. The report includes repurchase demands related not only to underwriting breaches, but also to misc breaches and servicing violations.

This report includes only those Fannie Mae mortgage securities where Fannie Mae has the right in the related transactional documents to demand repurchase by the sell a material breach of representation and warranty. Consequently, certain Fannie Mae mortgage securities, including Megas, Stripped Mortgage-Backed Securities, most F Securities and other securities backed by Ginnie Mae securities or other securities are not included in this report.

As described above, the mortgage loans may not necessarily be in the related Fannie Mae trust at the time that such repurchase demand is made. Additionally, a mortg pending repurchase that is paid off prior to the actual repurchase will not be reflected in subsequent reports. The data in the report is presented by issue date w: Single-Family and Multifamily securities commingled throughout the report and Structured Products (such as REMICs) reported at the end. For applicable Fannie Mae Si Products governed by Rule 156a-1, the data will be reported at a deal-group level. As the deal-groups pay off, the data will be removed from subsequent reports. Ce terms used in the report are defined below.

The term "Total Assets in ABS by Originator" presents, by originator, the number and issue date principal balance of the mortgage loans in each Fannie Mae trust.² "originator" is the party that funded the mortgage loan in question. It is common practice in the residential mortgage lending industry for some originators to sell loans that they originate to third parties, who aggregate such mortgage loans from multiple originators and sell them to Fannie Mae. Because Fannie Mae's contractur relationship is with such seller rather than with the originators, Fannie Mae had not, prior to November 2012, obtained the names of such originator.³ To obtain s (in many cases, years after issuance) would be prohibitively expensive. Consequently, where Fannie Mae does not have the name of the originator, it is electing unde paragraph (a)(2) of Rule 15Ga-1 not to provide the identity of such originator, but will list the originator as "Unavailable" in such cases. Fannie Mae is neverthe: able to make repurchase demands in such cases, because it is generally the seller (which party is frequently not the originator) of the mortgage loans who has the obligation to repurchase such mortgage loans in the event of a material breach of representation and war

Beginning in November 2012, Fannie Mae began to require its mortgage loan sellers to identify the originators of mortgage loans subsequently delivered to Fannie Mae includes such information, as so provided by Fannie Mae's mortgage loan sellers, with respect to securities issued in December 2012 or later. In certain cases, such was unavailable. To obtain such information would be prohibitively expensive. Consequently, where Fannie Mae does not have the name of the originator, it is electir paragraph (a)(2) of Rule 15Ga-1 not to provide the identity of such originator, but will list the originator as "Unavailable" in such cases.

Certain Fannie Mae mortgage securities, all of which were issued no later than January 1, 2001, included at one point in time mortgage loans for which Fannie Mae no issue date principal balances. All of the mortgage loans in question were removed from the pool or were paid off prior to January 1, 2009. Fannie Mae no longer has related issue date principal balance of such mortgage loans and obtaining such information would be impossible or prohibitively expensive. Consequently, Fannie Mae electing under paragraph (a)(2) of Rule 15Ga-1 not to provide the issue date principal balance of such mortgage loans. The CUSIP numbers of the securities where Far has made such election are listed below.

The term "Assets Subject of Demand" presents the number and outstanding principal balance⁴ of those mortgage loans that were the subject of a repurchase demand duri reporting period. They include assets that were repurchased, are pending repurchase, or had the demand withdrawn or rejected.

The term "Demand Withdrawn" refers to the number and outstanding principal balance of mortgage loans where (i) such mortgage loans were the subject of a repurchase (either during the reporting period or prior thereto, and (ii) Fannie Mae has withdrawn such demand due to an error by Fannie Mae, a cure of the warranty breach, or (
